Global profits earned from Human Trafficking

Human trafficking earns global profits of roughly \$150 billion a year for traffickers, \$99 billion of which comes from commercial sexual exploitation.

Unidentified victims

Estimates suggest that only about .04% of human trafficking cases are identified, meaning that the majority of human trafficking cases go undetected.

Hidden figure of crime

Assessing the full scope of human trafficking is difficult because cases often go undetected, something the United Nations refers to as "the hidden figure of crime."
